Where Does Your Order Go?

 By **Sameer Bhopale**, Chief Marketing Officer, FXCM

Ever since we released No Dealing Desk (NDD) forex execution back in 2007, it's been a tough concept to visualize. I mean, my trading station doesn't really look any different...

FXCM is a registered Futures Commission Merchant and Retail Foreign Exchange Dealer with the Commodity Futures Trading Commission and is a member of the National Futures Association. NFA # 0308179

Please note the information on this website is intended for retail customers only, and certain representations herein may not be applicable to Eligible Contract Participants (i.e., institutional clients) as defined in the Commodity Exchange Act §1(a)(12).

* Subject to available liquidity, the trading desk is open from 5:15 p.m. (ET) Sunday afternoon through 4 p.m. (ET) Friday afternoon.

† FXCM Trading Station allows for order sizes up to 50 million per trade. Traders have the ability to trade incremental sizes (multiple orders of 50 million for the same pair).

†† Please note price improvements are not available on stop orders, in the event of a margin call and may not be available to ECPs. All price improvements are subject to available liquidity.

** Your use of this service is governed by our Terms of Business. Please be advised that the VPS hosting is controlled by a third party and FXCM shall not be made liable for any error or malfunction of the hosting service including, but not limited to, network communication failure, system errors or data failure.

If you do not trade a minimum of ten times per calendar month, a fee of \$30 based on current rate may be debited from your account to cover server cost.

†† **Beta Testing Notice:** Please be advised that this is a beta version. Most electronic trading facilities are supported by computer-based component systems for the order routing and execution of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. When you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including but not limited to failure of hardware or software, as such please be sure to review the [execution risks](#). Beta testing is designed to pinpoint inherent flaws in the software. Clients who may experience increased technical difficulties during this period are encouraged to contact betatest@fxcm.com. For this purpose, participation in beta testing is completely voluntary.
